

Composites Meetings 2007
List of subcontractors

ABB FRANCE - DIVISION ROBOTIQUE

Trade manager

Robotic automation specialist : prodcts, services and solutions for the composites and plastic industries, moulding...

AEROFONCTIONS SAS

CEO

Mechanical assemblies, composites applications in Aeronautic sector. As well as in the medical or defense sectors.

AIC - ATLANTIQUE INGENIERIE COMPOSITES

CEO

Specialized in optimization of industrial parts behavior.

ALEMA CONCEPT

General Manager

Development, studies and calculations of metallic and composites structures

ALEMA TECHNOLOGY

CEO

Industrial components designer and manufacturer

ALTEP INGENIERIE

Trade Manager

Products and systems engineering – Logistic support and data engineering – Project and process engineering – Technical and methodological expert appraisal

APPLICATIONS INDUSTRIELLES DES PLASTIQUES (A.I.P)

Trade director

Transformation of plastic parts and composites by plastic machining, plastic injection, plastic boiler making, plastic thermoforming for applications medical, aeronautical, electronic and industrial. Studies & design of plastic parts.

ATELIER D'ARIANE

CEO

Ariane's Workshop is a cutting and sewing workshop, in textil and composites sectors

AXIOME

Technical Sales

Specialist in robotized trimming and deburring machines ; in robotized trimming and deburring machines : - Trimming process ; waterjet, router, blade/ultrasonic knife, laser
- Deburring process : water and oiljet ; Specialist in waterjet equipments.Services : Programming, Spare-parts, Specific developments, Maintenance

ACROTECNA

CEO

Engineering and design Office, in the mechanical and general facilities sectors

AHLSTROM GLASSFIBRE OY

Sales manager

Others - Automotive (cars and trucks) - Building/construction - Marine/shipping - Wind energy

ALEMA AUTOMATION

CEO

Designer and integrator of robotized cells and special machines for assembly as well as non destructive tests

ALEMA PRODUCTION

CEO

Metal and Composites parts design and assembly

ALLIO S.A.S. (GROUPE ALLIO BC)

Export manager

Designing and making prototype parts, equipment design, pattern-making, machining, assembly, control

AOB

Trade Director

Designs and manufactures PCD cutting tools for the aircraft, the automotive and the woodworking industries

ARNAUD SA

Composites departement Director

Raw material supplier for the chemical industries, with a composites branch

AUTOMATIC SYSTEM

General Manager

Implementation of bi-components material

BALLY RIBBON MILLS

Technical and Marketing Consultant

Manufacturer of high-performance tapes, fabrics and preforms. Engineered 3D near-net-shape woven and braided preforms, 3D thick panels, 3D woven and braided fan-blades preforms. Utilizing RTM and VARTM techniques. Using SIC, Carbon, ceramic, fiber...

Composites Meetings 2007
List of subcontractors

BESNE MECANIQUE DE PRECISION

General Manager

Components and parts manufacturer

CENTRE DE TRANSFERT DE TECHNOLOGIE DU MANS-CTTM

Trade manager

Studies in : acoustics and vibrations , materials, process engineering

CHASTAGNER-DELAIZE

Group trade manager

High performance composites parts

CLAIRIS TECHNOLOGIES

Trade manager

Composites competitiveness cluster

CNIM

Composites department manager

CNIM provides turnkey industrial solutions, with a high technological content in three major groups of products and services : environnement services, mechanical engineering and services, energy and services

CRITT MATERIAUX

Scientist manager

Testings, material characterisation, controls, composites and metal composites

DEDIENNE PLASTURGIE

General Manager

From prototype to mass production, 7 factories offering complete solutions across three main business areas and more than 30 plasturgie specialities

EADS COMPOSITES AQUITAINE

Trade director

Design, development and implementation of high performance composite materials.

ECLEO

Trade manager

Product development (R&D, studies, industrialisation) technical assistance, design...

BRETAGNE COMPOSITES

Export department

Manufacturing of industrial composite parts: structures, products, components, tubes, panels. Advanced composite materials for aerospace industry: carbon fiber, glass fibre, thermoset plastics. Composites technology: autoclave, filament winding...

CERO

Quality and communication manager

Studies around the tooling for industry and process

CIME&S - MBDA FRANCE

Sales & marketing manager

High performance composites supplier

CLARIANT INTERNATIONAL AG

Trade Director

Chemicals fields specialist

COMPOSITES DISTRIBUTION

CEO

High performance material provider.

DAXEN

CEO

Autoclaves, ovens and heating equipments. Manufacture and repair all kind of autoclaves and ovens, for all requested problems, for heavy and light maintenance and for retrofit of a complete equipment. ability to work with the latest autoclave calculation method and to create up to date software to control and monitor thermal processes.

DUQUEINE COMPOSITES

CEO

Design and manufacture of composites parts and sub-assemblies

EADS IW - NDT EXPERT

Research director

Aeronautic

FRANCE ETUVES

Trade director

Designs and manufactures a range of laboratory and industrial ovens, incubators and associated thermal products.

Composites Meetings 2007
List of subcontractors

GE INSPECTION TECHNOLOGIES

Trade Manager

GE Inspection Technologies provides technology-driven inspection solutions (Non Destructive Testing [NDT] products and services) that deliver productivity, quality and safety

HUNTSMAN ADVANCED MATERIALS SWITZERLAND GMBH

Trade manager

Global manufacturer and marketer of differentiated chemicals. Its operating companies manufacture products for a variety of global industries, including chemicals, plastics, automotive, aviation, textiles, footwear, paints and coatings, construction, technology, agriculture, health care, detergent, personal care, furniture, appliances and packaging.

LESCATE

General manager

Specialized in the experimental analysis of the deformations and stress ; analyze, study, conceive measurement systems of physical parameters representative of the stress undergone by structures, as well in the static fields of dynamic stresses. Insurance of the calibration in force, torque and moment in static in our offices on our benchtest.

LNE - CENTRE ENERGIE, MATÉRIAUX ET EMBALLAGES

Director assistant of the materials, energy and packing

It was set up to meet industrial testing and measurement requirements, especially in the fields of materials, machinery and physics

MAGNYTUDE

Composites development manager

High Level technical skills and Studies, spare parts sub-contractor.

MAPE ENGINEERING SWITZERLAND

Marketing

Analytical engineering of processes. In-line non intrusive thermal monitoring and control (RTM, Infusion, Injection, Compression). Process optimisation (quality and productivity). Physical and chemical analysis of materials and environment.

GROUPE HUGUET SA

Managing Director

Automation, process, studies, robotics

JET CUT

General director

Water jet cutting for subcontracts and composites industry

LINPAC ALLIBERT FRANCE

Sales development manager

Design and manufacture of materials handling solutions. Our dedicated sales force are on hand to supply specialist advice and our design teams are working on products to further improve storage, handling and distribution efficiencies throughout industry.

LOIRE MODELAGE

CEO

Models, tooling and industrial equipments for forming, cutting, assembling and checking for metals, plastics and composites

for forming, cutting, assembling and checking

Models, tooling and industrial equipments for forming, cutting, assembling and checking for metals, plastics and composites.

MAINE PLASTIQUES - SOMAPLAST

Trade Director

Develop cost-effective recycling programs for companies generating post-industrial and post-commercial plastics
Supply high quality products at substantial savings off virgin prices
Offer comprehensive custom services including metal and paper recycling, toll processing, and certified destruction

MAZERES AVIATION SA

Managing Director

Study and manufacture of industrial sets - Sheet-iron works - Welding - Mechanics - Composites - Aeronautical maintenance - machining - mechanics of precision -supply and maintenance of seats of plane

Composites Meetings 2007
List of subcontractors

MDB TEXINOV SA

Project manager

Specialised in the engineering and manufacturing of technical textiles. Reinforcement for motorway construction ; Geotextiles to reinforce embankment work ; Landfill sites. Aeronautical : reinforcement fabrics ; Automotive : fabrics for sun roofs ; Industrial : composite materials ; Automotive : fabrics for sun roofs

MECANIQUE AERONAUTIQUE PYRENEENE

CEO

Subcontracting of precision mechanics with specific abilities in the following fields : Machining of complex shapes 3 and 5 axis.; Precision sheet forming, welding, sheet metal working.; Mounting and assembly. the following industries :Aeronautical, Armament , Space technology, Cars, Railways, Tooling, Moulds, Special machine.

MS COMPOSITES / AD INDUSTRIE

Export manager

Parts, sub-assemblies and high performance products. Studies on the ballistics and structural elements conception.

NORAFIN GMBH

Sales Director

Norafin is an innovative partner providing durable solutions based on nonwoven technologies to support a safer life

OUEST ATLANTIQUE

International trade director

We help foreign companies invest, set up and expand business in Western Europe combining quality and cost-effectiveness.

PINETTE EMIDCAU INDUSTRIES

CEO

Cold presses - GMT presses - Hot presses - Aircraft/aerospace - Automotive (cars and trucks)

POLE LASER CREUSOT BOURGOGNE

Sales manager

Systems of cutting trough laser

MEA INDUSTRIES

Managing Director

Development and production of products and components made from plastics, metal, and polymer; light and air wells, windows, drainage systems, gratings, foot scrapers, sliding door fittings, and fastener systems

MECELEC PLASTIQUES COMPOSITES

Trade manager

Two major manufacturing processes,
• SMC thermosets compression moulding
• Thermoplastics Injection moulding

Complementary Industrial know how,

- Parts and process design
- Painting, printing and assembly of finished parts,

NIEF PLASTIC

Sales manager

The NIEF PLASTIC group transforms thermoplastics by injection and thermosets by injection and compression.

OMEGA DMS

Trader

Specialised in the cutting, draping and logistics of composite materials : - dry or impregnated fabrics, - environmental fabrics... It works in sectors as varied as aeronautics, aerospace or the military, with major contract givers, leading equipment suppliers and SMEs.

OWENS CORNING

Southern European Sales Leader

Supplier of composite solutions based on advanced glass technology and global manufacturing and supply base. Our technical expertise and full range of specialty products can meet virtually any structural and reinforcement need in the market place. Provider of an innovative composite solution to your challenge.

PLASTICON FRANCE SA - GROUPE PLASTICON EUROPE

Composites parts sales manager

Specialist to design, manufacture, install and service solutions for storage and transport of critical fluids, constructed from composite materials, for your specific needs. Composite structures by Plasticon come in a wide variety of materials, sizes, shapes and forms depending on performance specifications

POLYTECH & NET GMBH

Managing director

Supplier of : - nano materials for anti bacterial use (nano silver, - gold, - platinum) ; - nanometal composites to increase conductivity (Al + CNT, Cu + CNT) ; - Non-stick coating agent based on nanoceramic.

Composites Meetings 2007
List of subcontractors

PYROMERAL SYSTEMS

Managing director

Conceptor and manufacturer of composites products with good mechanical strength and resistance to vibrations even at temperatures as high as 1100°C

RHODIA POLYAMIDE - RHODIA ENGINEERING PLASTICS

Trade manager

To serve markets as varied as Automotive, Electrical & Electronic, and Consumer and Industrial Goods, Rhodia Engineering Plastics offers the industry's largest polyamide brand, Technyl® and serves its customers through the development of innovative and dedicated solutions, developing a true partner relationship from design through production

SOCOMOR FINISHING TECHNOLOGIES

Consultant

Socomor ELABORATES, PRODUCES and DEVELOPS solutions for surface treatment and finishing products for transport industries all over the world

TEAM PLASTIQUE

CEO

Thermoplastic / manufacture and fabric, for any quantity!

THYSSENKRUPP VDM FRANCE

Trade director

Besides the blast furnaces, converters, continuous casting installations, forges, rolling mills and finishing plants, our factories are now equipped with the latest installations for direct strip casting from liquid metal, with the best performances in both productivity and reliability.

RECAERO COMPOSITES - SOCAM

Trade manager

Spare parts and sub-assemblies manufacturer for the aeronautic sector. Rax materials, metallic composites, moulding, drape forming, sandwich structures, assembly, paint on composites materials...

SMIDE

General manager

Precision machining, the manufacturing of leads, the cutting and machining of insulation parts for transformers and phones, the settings of leads, screen printing and engraving.

SOGETI HIGH TECH

Communication Director

Three key business segments: Application Services, Infrastructure Services and High Tech Consulting. They are flexible by design and span a wide spectrum of industries and technologies.

THYSSENKRUPP MATERIALS FRANCE

Besides the blast furnaces, converters, continuous casting installations, forges, rolling mills and finishing plants, our factories are now equipped with the latest installations for direct strip casting from liquid metal, with the best performances in both productivity and reliability.

UP-TEX

General representative

High performances textiles competitiveness cluster
